Curriculum Guide

About CENTURY

CENTURY is a learning platform that uses artificial intelligence to personalise learning for every learner. Our team of experienced teachers have created all of our content for English, maths, science, geography and physical education from years 2 to 11, as well as functional skills content for post-16 learners. All courses are aligned to the national curriculum and national standards.

- ✓ Learning materials and questions for primary, secondary and post-16 learners
- ✓ Tailored to each learner's skills and knowledge
- ✓ Powered by the world's leading adaptive learning platform
- ✓ Web-based learning for tablets, laptops and desktops

How does CENTURY work?

Diagnostics

Learners begin by completing diagnostics that quickly identify knowledge gaps and misconceptions, and help CENTURY recommend the best learning materials for each individual learner.

Recommended Path

This constantly adapting personalised pathway contains micro-lessons designed to address gaps in knowledge, provide stretch and challenge and promote long-term memory retention.

Leadership Dashboard

Senior and middle leaders get an overview of performance and engagement on a subject, class and learner level.

Achievements

Learners get rewarded with badges and streaks for completing micro-lessons or for using CENTURY over a certain period of time to increase their motivation and engagement.

Automated Marking

Teachers can view data in real time, to help quickly identify which learners require additional support or further stretch.

Teacher Dashboard

Use the markbook to monitor individual learners and whole-class trends with a range of dashboards.

Learner Dashboard & Guardian Portal

Learners can identify their strengths and areas for improvement. Parents and guardians can monitor their learner's progress, completed work, and see work set.

Course Coverage

This visual guide shows all available courses on CENTURY. It is [clickable](#) to assist you in navigating this document.

English Courses

Primary SPaG

Our primary English offering includes both SPaG and reading courses for years 3 to 6. There is a specific SPaG course for each year group, but they also include prerequisite learning from previous years.

To get a more in-depth view of the content and structure of these courses, download our [Primary English Course Content Guide](#) from the customer hub.

Match these words from the sentence below to their correct word class.

A curious penguin slipped on the ice.

Word	Word Class
curious	Adjective
penguin	Noun
slipped	Verb

Possible Answers

Adjective	Adverb	Noun
Pronoun	Conjunction	Verb

Introduction to Poetry

Poetic Structure

Key terms

- Line** - A single row of words in a poem.
- Line Break** - Where each line of text ends.
- Verse/ Stanza** - A group of lines in a poem, a bit like a paragraph.
- Repetition** - Lines or words which are repeated.

Extract from 'Buckingham Palace' - A.A.Milne

They're changing guard at Buckingham Palace
Christopher Robin went down with Alice.
Alice is marrying one of the guards.
"A soldier's life is terrible hard,"
Says Alice.

They're changing guard at Buckingham Palace
Christopher Robin went down with Alice.
We saw a guard in a sentry-box.
"One of the sergeants looks after their socks."
Says Alice.

Adjectives

An **adjective** adds meaning to a **noun**.
The **adjective** tells you more about the **noun**.

old **boat**

Adjectives can appear before or after the **noun** in a sentence.
Adjectives can compare different **nouns**.

The **furry** monster is **kinder** than the **one-eyed** monster.

Life Cycles of Plants and Animals

Butterflies don't start life as the beautiful winged creatures we all think of. They start life as an egg like many other insects, laid by an adult female butterfly. You can actually see the tiny caterpillar inside the egg of some species from this egg hatches a caterpillar, which is an eating machine! They spend most of their time eating in order to gain strength for the next phase. In fact, they normally eat the whole leaf of their tree eating in order to gain strength for the next phase. When they have reached their full size, they form themselves into a chrysalis, also known as a pupa. Inside their chrysalis, the caterpillar undergoes a complete transformation. It grows wings, new organs and then emerges fully formed as an adult butterfly.

Which statement includes two events?

- ☐ Caterpillars form themselves into a chrysalis. They then emerge as butterflies.
- ☐ From this egg hatches a caterpillar. Caterpillars are eating most of the leaves of their tree.
- ☐ They start life as an egg like many other insects. They are laid by a female butterfly.
- ☐ Inside their chrysalis, the caterpillar undergoes a complete transformation.

I DON'T KNOW

YOUR TURN

Everyone agreed that they were **enchanted** children. One had a bad word to say about them!

Which word is a synonym of 'enchanted' in this sentence?

Naughty

Clever

Oliver balanced on the edge of his track. He reached around Henry's leg and pulled as hard as he could. Together, they wrestled one foot and then the other out of the thick mud. Henry was free.

Now for the bike. Henry took off his jacket and tied it around the back wheel. Using all their strength, the boys pulled hard and slowly freed the bike. Cold, tired, and caked in mud, the boys slowly wheeled the bike back over the track.

Henry and Oliver woke up early and ran downstairs to have their breakfast. The boys had heard about a new cycle track in the woods. They couldn't wait to try it out. They were so excited that they hadn't noticed it was raining. Outside, it was gushing down.

"We can't go out in this weather," said their mum. "It's far too wet. You'll have to wait until later."

"OK," said the boys. "We'll wait."

What were the boys excited about?

- ☐ playing in the rain
- ☐ trying out the new bike track
- ☒ waking up early
- ☐ eating their breakfast

Incorrect

This was not the reason that they were excited. Read the first paragraph carefully.

Correct Answer

NEXT QUESTION

English Courses

English Language KS3

Our KS3 English Language courses cover reading and writing skills across both fiction and non-fiction, including language, structure, analysis, text types and writing for purpose.

To get a more in-depth view of the content and structure of these courses, download our [Secondary English Course Content Guide](#) from the customer hub.

Structuring your writing

- Use a range of sentence structures and sentence lengths.
- Use paragraphs to organise your writing.

Dear Sir/ Madam,

I am writing to apply for the position of waiter at The Cafe on Saturdays.

Firstly, I would like to begin by stating how much I love The Cafe and that I would very much enjoy working here. I have always lived just down the road and have frequently visited The Cafe. The food is always delicious, the staff are unfailingly friendly and it is my favourite place to meet a friend for a cup of tea. I would make it my mission to help create the warm and welcoming atmosphere that I have always enjoyed so much.

Secondly, I think that I would make an excellent addition to the staff. I am a very confident and friendly person who the customers feel welcome from the moment they arrive. I have worked in a cafe before and I am a hard-worker, organised and reliable. I would like to apply to a hospitality and tourism course, so I think I would be invaluable to the team at The Cafe.

1 Comparatives and Superlatives

Comparatives are used to compare two things.

Superlatives are used to compare one thing with everything else in that group.

Did you know?

Most adjectives have three forms: the absolute, the comparative and the superlative. You can often find these forms in a dictionary if they do not fit the regular pattern.

CLEVER - adjective (cleverer, cleverest)

Jane is taller than John.

She is the best sister!

He is more interested than I am.

Choose the simile below.

- ☐ The night sky was as black as coal.
- ☐ The sky was sunny and clear.
- ☒ There was a blanket of fog in the sky.
- ☐ It was such a sunny day. In fact, it was the sunniest day of the summer so far.

Incorrect

No, this is a metaphor, not a simile. Remember to look out for the words 'like' and 'as' when deciding if a sentence includes a simile!

correct answer

Our seasons can symbolise different stages of life:

Spring

represents childhood: children are growing up, plants and flowers begin to grow.

Summer

represents adulthood: children are growing up, plants and flowers are in full bloom.

Autumn

symbolises old age: the leaves on the trees turn golden brown, preparing to fall.

Winter

represents death: all the trees are bare and all plant life is, essentially, dead.

Working out the Meaning of Words

In an exam, you aren't going to know the meaning of every word.

Sometimes, you will need to break down the word.

Sometimes, you will need to work out meaning using clues from the text.

This will help you make sense of unfamiliar words.

Read the text and answer the question.

The Sahara is the largest desert in the world and is located in North Africa. The Sahara Desert consists largely of sand dunes, mountains, plateaus, sand and gravel covered plains. Most lakes and rivers found in the Sahara are seasonal, besides the River Nile.

The lakes and rivers in the Sahara Desert are described as being 'seasonal'. What does 'seasonal' mean?

☐ remaining the same each season

☐ relating to the homes of animals

☐ changing depending on the time of year

☐ relating to the size

Science Courses

Primary

Our science courses are aligned to the English national curriculum for each specific year group. We also have a KS2 course that combines all of the science content from our year 3-6 courses.

There are + versions of the year 5 and KS2 courses that contain nuggets on reproduction and human life cycles.

To get a more in-depth view of the content and structure of these courses, download our [Primary Science Course Content Guide](#) from the customer hub.

Primary – Year 3 Science

Diagnostics: 7 Strands: 8 Nuggets: 42

Primary – Year 4 Science

Diagnostics: 6 Strands: 8 Nuggets: 42

Primary – Year 5 Science

Diagnostics: 6 Strands: 8 Nuggets: 55

Primary – Year 6 Science

Diagnostics: 7 Strands: 8 Nuggets: 64

Primary – KS2 Science

Diagnostics: 17 Strands: 16 Nuggets: 105

Science Courses

KS3

To get a more in-depth view of the content and structure of these courses, download our [Secondary Science Course Content Guide](#) from the customer hub.

Science – KS3 Biology

Diagnostics: 14 Strands: 11 Nuggets: 81

Science – KS3 Chemistry

Diagnostics: 22 Strands: 15 Nuggets: 94

Science – KS3 Physics

Diagnostics: 29 Strands: 18 Nuggets: 163

Science Courses

GCSE Higher

To get a more in-depth view of the content and structure of these courses, download our [Secondary Science Course Content Guide](#) from the customer hub.

Science – GCSE (H) Biology

Diagnostics: 13 Strands: 15 Nuggets: 98

Science – GCSE (H) Chemistry

Diagnostics: 11 Strands: 11 Nuggets: 75

Science – GCSE (H) Physics

Diagnostics: 11 Strands: 12 Nuggets: 90

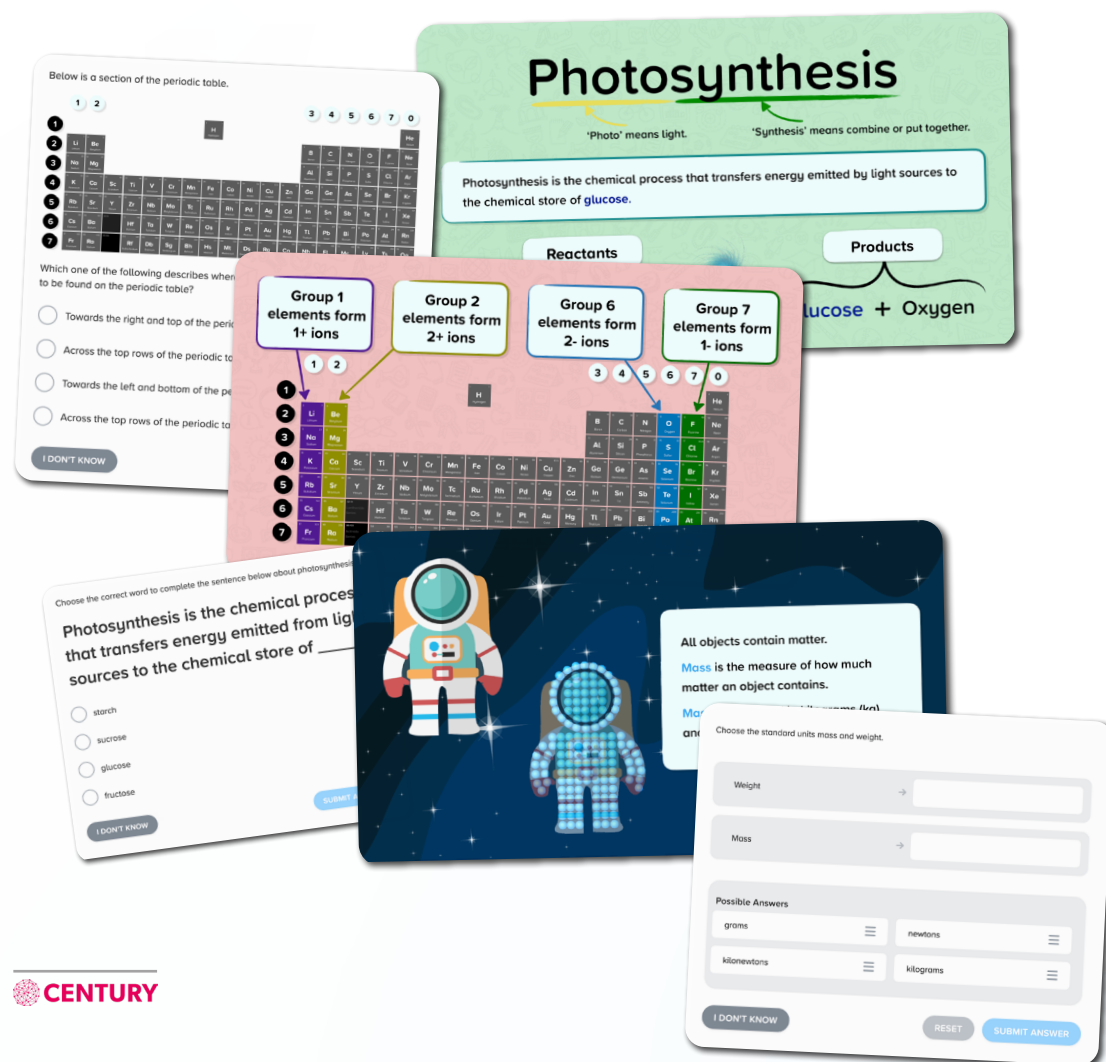

Science – GCSE Practicals

Diagnostics: 11 Strands: 12 Nuggets: 98

Science Courses

GCSE AQA

To get a more in-depth view of the content and structure of these courses, download our [Secondary Science Course Content Guide](#) from the customer hub.

Science Biology GCSE: AQA (F)

Diagnostics: 44 Strands:10 Nuggets: 542

Science Biology GCSE: AQA (H)

Diagnostics: 31 Strands:10 Nuggets: 465

Science Chemistry GCSE: AQA (F)

Diagnostics: 43 Strands:15 Nuggets: 453

Science Chemistry GCSE: AQA (H)

Diagnostics: 58 Strands:13 Nuggets: 829

Science Physics GCSE: AQA (F)

Diagnostics: 70 Strands:11 Nuggets: 817

Science Physics GCSE: AQA (H)

Diagnostics: 50 Strands:11 Nuggets: 855

Science Courses

GCSE AQA – Synergy

To get a more in-depth view of the content and structure of these courses, download our [Secondary Science Course Content Guide](#) from the customer hub.

Science Combined GCSE: AQA Synergy (F) – Life & Environmental Sciences

Diagnostics: 40 Strands: 15 Nuggets: 553

Science Combined GCSE: AQA Synergy (H) – Life & Environmental Sciences

Diagnostics: 32 Strands: 15 Nuggets: 554

Science Combined GCSE: AQA Synergy (F) – Physical Sciences

Diagnostics: 40 Strands: 14 Nuggets: 530

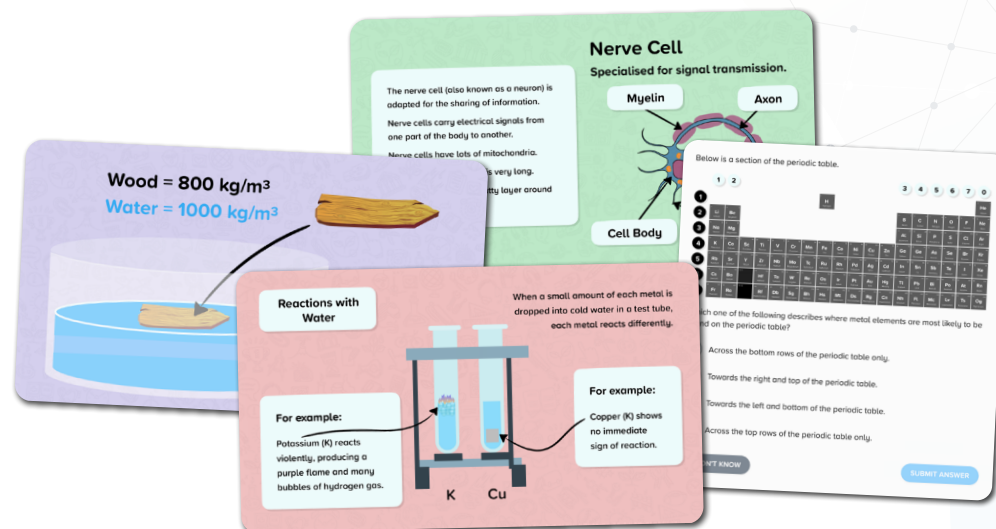

Science Combined GCSE: AQA Synergy (H) – Physical Sciences

Diagnostics: 24 Strands: 14 Nuggets: 564

Science Courses

GCSE AQA – Trilogy

To get a more in-depth view of the content and structure of these courses, download our [Secondary Science Course Content Guide](#) from the customer hub.

Science Combined GCSE: AQA Trilogy (F) – Biology

Diagnostics: 48 Strands: 11 Nuggets: 448

Science Combined GCSE: AQA Trilogy (H) – Biology

Diagnostics: 48 Strands: 11 Nuggets: 448

Science Combined GCSE: AQA Trilogy (F) – Chemistry

Diagnostics: 45 Strands: 14 Nuggets: 384

Science Combined GCSE: AQA Trilogy (H) – Chemistry

Diagnostics: 45 Strands: 14 Nuggets: 384

Science Combined GCSE: AQA Trilogy (F) – Physics

Diagnostics: 39 Strands: 12 Nuggets: 405

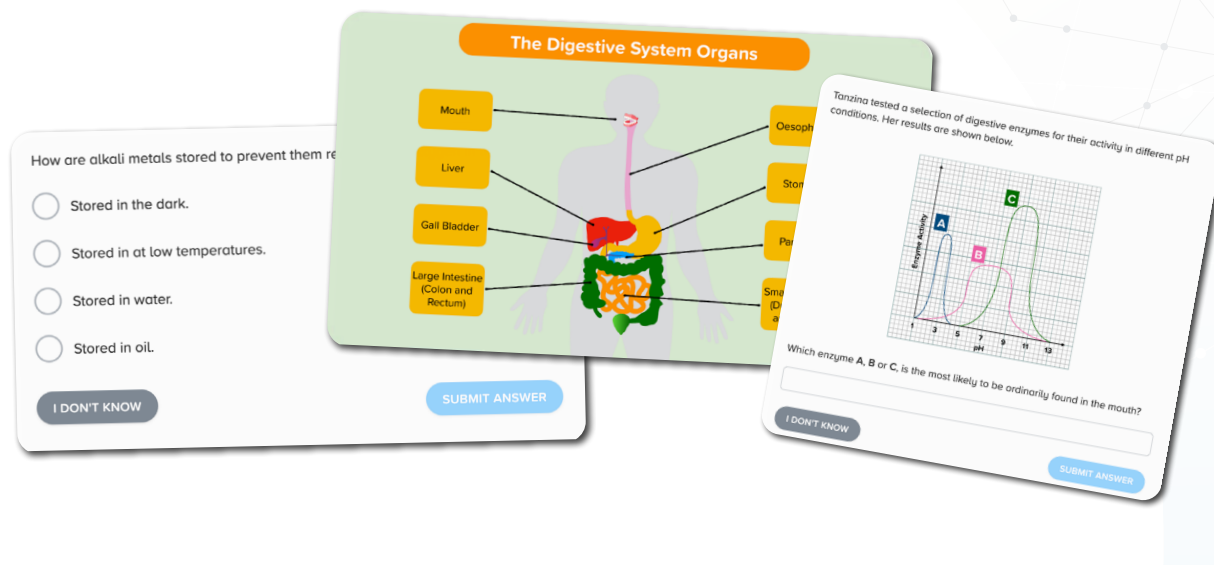

Science Combined GCSE: AQA Trilogy (H) – Physics

Diagnostics: 39 Strands: 12 Nuggets: 405

Science Courses

IGCSE Edexcel

To get a more in-depth view of the content and structure of these courses, download our [Secondary Science Course Content Guide](#) from the customer hub.

Science – IGCSE Biology: Edexcel

Diagnostics: 19 Strands: 18 Nuggets: 103

Science Double Award IGCSE: Edexcel – Biology

Diagnostics: 27 Strands: 6 Nuggets: 178

Science – IGCSE Chemistry: Edexcel

Diagnostics: 11 Strands: 13 Nuggets: 86

Science Double Award IGCSE: Edexcel – Chemistry

Diagnostics: 23 Strands: 6 Nuggets: 136

Science – IGCSE Physics: Edexcel

Diagnostics: 12 Strands: 13 Nuggets: 89

Science Double Award IGCSE: Edexcel – Physics

Diagnostics: 25 Strands: 9 Nuggets: 165

Science Courses

GCSE AQA – ELC

Mapped to AQA ELC Science.

This course is designed for students studying both ELC and GCSE.

AQA: 5960

QAN: 601/7522/9ng

To get a more in-depth view of the content and structure of these courses, download our [Secondary Science Course Content Guide](#) from the customer hub.

Science ELC+ (Double Award): AQA

Diagnostics: 60

Strands: 7

Nuggets: 310

Geography Courses

GCSE

This course covers the huge variety of both physical and human geographical content. It also covers specific geographical skills, including fieldwork and cartographical skills.

To get a more in-depth view of the content and structure of this course, download our [Secondary Geography Course Content Guide](#) from the customer hub.

Geography GCSE: AQA

Physical Education Courses

GCSE

These courses have been created by our team of experienced secondary Physical Education teachers. Each set of courses are separated into topic strands with a wide range of practical examples, data analysis and topic nuggets available throughout.

To get a more in-depth view of the content and structure of this course, download our [Secondary PE Course Content Guide](#) from the customer hub.

Physical Education GCSE: AQA

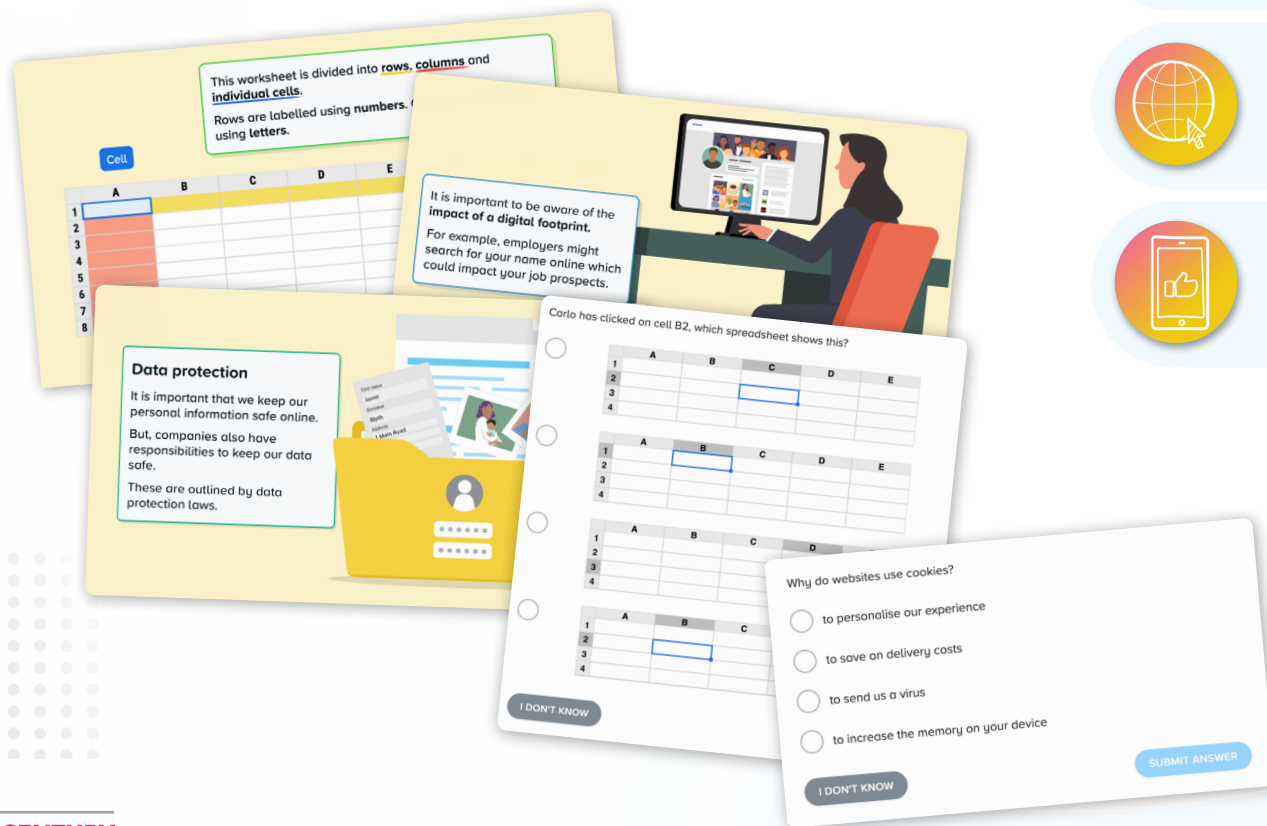

Courses coming soon:

- IGCSE GCSE PE 0413
- OCR GCSE PE J587
- EDEXCEL GCSE PE 1PE0
- BTEC Tech Award in Sport 603/7068/3
- Cambridge Nationals Sport Studies J829
- Cambridge Nationals Sport Science J828
- City and Guilds L2 Award, Certificate & Diploma in Sport (QCF) 4863-23
- NCFE L2 Certificate & Diploma in Sport 601/3037/4 or 6

Digital Skills Courses

These courses explore the key skills that learners will need for life and work, covering using devices and handling information, creating and editing, communicating, transacting and being safe and responsible online.

To get a more in-depth view of the content and structure of this course, download our [Digital Skills Course Content Guide](#) from the customer hub.

Digital Skills Secondary

Diagnostics: 8 Strands: 6 Nuggets: 71

FE – Essential Digital Skills (Entry 3)

Diagnostics: 6 Strands: 7 Nuggets: 34

FE – Essential Digital Skills (Level 1)

Diagnostics: 12 Strands: 9 Nuggets: 78
