Course Mapping Guide

FE English

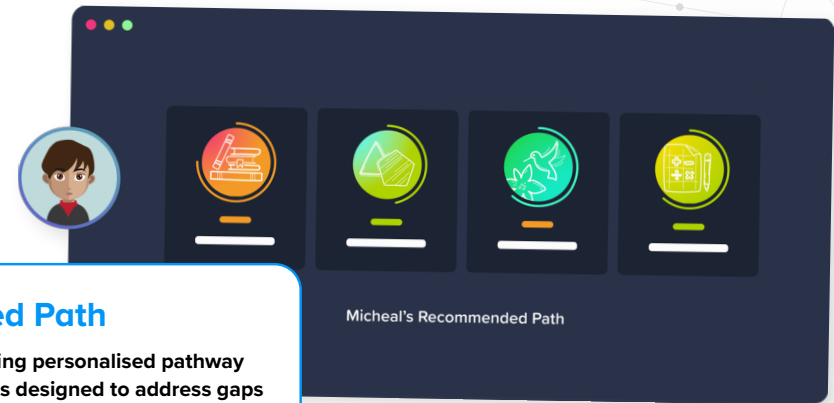

About CENTURY

CENTURY is a learning platform that uses artificial intelligence to personalise learning for every learner. Our team of experienced teachers have created all of our content for English, maths, science, geography and physical education from years 2 to 11, as well as functional skills content for post-16 learners. All courses are aligned to the national curriculum and national standards.

- ✓ Learning materials and questions for primary, secondary and post-16 learners
- ✓ Tailored to each learner's skills and knowledge
- ✓ Powered by the world's leading adaptive learning platform
- ✓ Web-based learning for tablets, laptops and desktops

How does CENTURY work?

Diagnostics

Learners begin by completing diagnostics that quickly identify knowledge gaps and misconceptions, and help CENTURY recommend the best learning materials for each individual learner.

Recommended Path

This constantly adapting personalised pathway contains micro-lessons designed to address gaps in knowledge, provide stretch and challenge and promote long-term memory retention.

Leadership Dashboard

Senior and middle leaders get an overview of performance and engagement on a subject, class and learner level.

Achievements

Learners get rewarded with badges and streaks for completing micro-lessons or for using CENTURY over a certain period of time to increase their motivation and engagement.

Automated Marking

Teachers can view data in real time, to help quickly identify which learners require additional support or further stretch.

Teacher Dashboard

Use the markbook to monitor individual learners and whole-class trends with a range of dashboards.

Learner Dashboard & Guardian Portal

Learners can identify their strengths and areas for improvement. Parents and guardians can monitor their learner's progress, completed work, and see work set.

Course List

FE English

Our GCSE courses are designed to give learners access to a range of reading and writing skills, and expose learners to model answers demonstrating these skills in practice.

The courses include nuggets on language and structure, text types, purposes for writing, how to analyse texts and exam-specific questions.

Our Functional Skills courses are designed to cover the skills required for the reading and writing elements of the Functional Skills exams.

These courses are mapped to the government assessment objectives and are suitable for all exam boards.

The Entry 1 and Entry 2 courses consist of spelling tests that cover all of the words on the spelling lists for these qualifications.

Course Content

FE – English Language GCSE

Diagnostics 3 **Strands 10** **Nuggets 112**

This course covers reading and writing skills across both fiction and non-fiction, including language, structure, analysis, text types and writing for purpose. It is suitable for all exam boards. There is a separate SPaG course which covers spelling, punctuation and grammar.

Strands

A strand is a sequence of nuggets grouped by theme or topic, forming a high-level organisation of content within a course.

Strand	Nuggets
Diagnostics	3
Reading Skills	6
Introduction to language devices	25
Writing - Language Devices	24
Reading - Language Devices	22
Structure	6
Analysis and Comparison	8
Evaluation	3
Writing Skills	4
Form and Text Types	14

Nuggets

A nugget is a micro-lesson that contains learning material followed by questions to assess learning.
