About CENTURY

CENTURY is a learning platform that uses artificial intelligence to personalise learning for every learner. Our team of experienced teachers have created all of our content for English, maths, science, geography and physical education from years 2 to 11, as well as functional skills content for post-16 learners. All courses are aligned to the national curriculum and national standards.

- ✓ Learning materials and questions for primary, secondary and post-16 learners
- ✓ Tailored to each learner's skills and knowledge
- ✓ Powered by the world's leading adaptive learning platform
- ✓ Web-based learning for tablets, laptops and desktops

How does CENTURY work?

Diagnostics

Learners begin by completing diagnostics that quickly identify knowledge gaps and misconceptions, and help CENTURY recommend the best learning materials for each individual learner.

Recommended Path

This constantly adapting personalised pathway contains micro-lessons designed to address gaps in knowledge, provide stretch and challenge and promote long-term memory retention.

Leadership Dashboard

Senior and middle leaders get an overview of performance and engagement on a subject, class and learner level.

Achievements

Learners get rewarded with badges and streaks for completing micro-lessons or for using CENTURY over a certain period of time to increase their motivation and engagement.

Automated Marking

Teachers can view data in real time, to help quickly identify which learners require additional support or further stretch.

Teacher Dashboard

Use the markbook to monitor individual learners and whole-class trends with a range of dashboards.

Learner Dashboard & Guardian Portal

Learners can identify their strengths and areas for improvement. Parents and guardians can monitor their learner's progress, completed work, and see work set.

Independent Training Providers

- ✓ A variety of question types within each nugget
- ✓ Students are given different questions on each attempt to complete the nugget
- ✓ Learning material is presented in a slideshow and video format
- ✓ Created by our team of experienced teachers
- ✓ Instant feedback for students to help them improve

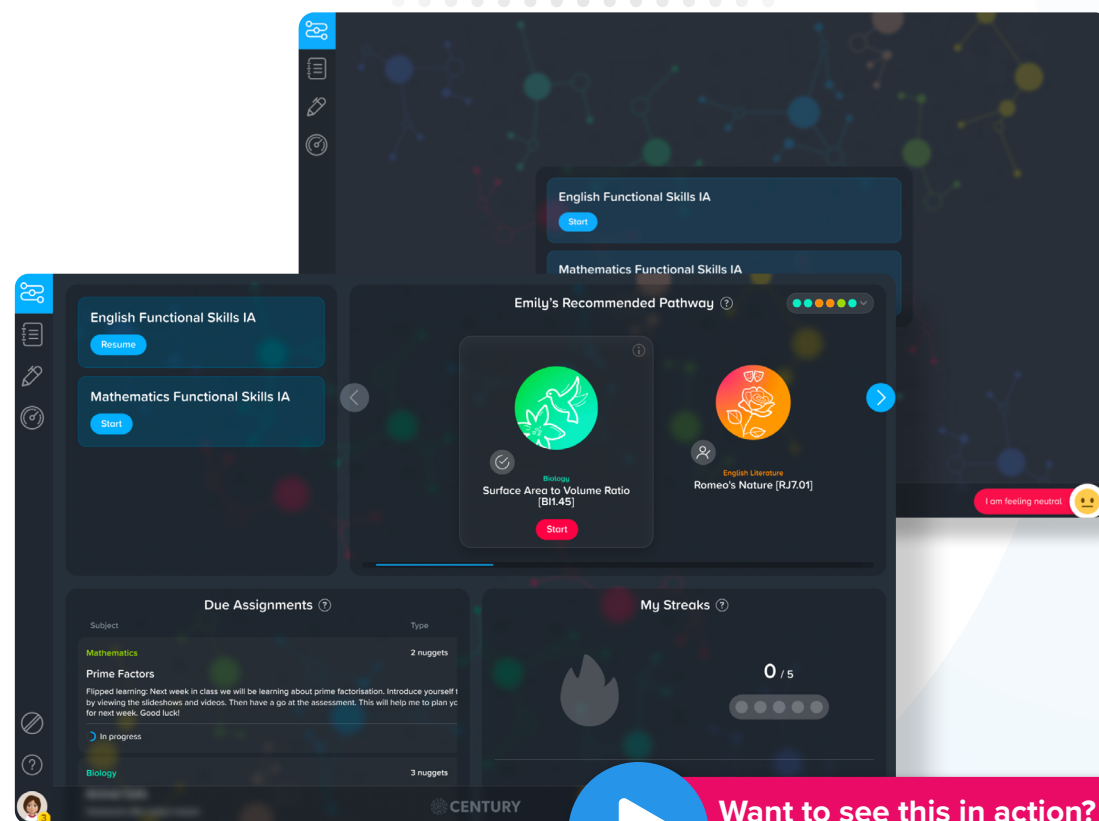

Introducing Smart Initial Assessments

We have developed an assessment tool which is unique in the market in how it integrates Initial Assessment with a student's learning journey, combining our expertise in building adaptive assessments with our best in-class functional skills content and proven learner outcomes.

- ✓ A brand new functional skills assessment for both maths and English
- ✓ Adaptive tests designed to maximise the accuracy of the result
- ✓ Approximately 20–30 minutes per assessment (depending on the learner)
- ✓ Thoughtfully designed experience which prioritises accessibility and simplicity for learners with limited IT skills
- ✓ Downloadable results which can only be viewed by the tutor
