# About CENTURY

CENTURY is a learning platform that uses artificial intelligence to personalise learning for every learner. Our team of experienced teachers have created all of our content for English, maths, science, geography and physical education from years 2 to 11, as well as functional skills content for post-16 learners. All courses are aligned to the national curriculum and national standards.

- ✓ Learning materials and questions for primary, secondary and post-16 learners
- ✓ Tailored to each learner's skills and knowledge
- ✓ Powered by the world's leading adaptive learning platform
- ✓ Web-based learning for tablets, laptops and desktops

# How does CENTURY work?

## Diagnostics

Learners begin by completing diagnostics that quickly identify knowledge gaps and misconceptions, and help CENTURY recommend the best learning materials for each individual learner.

## Recommended Path

This constantly adapting personalised pathway contains micro-lessons designed to address gaps in knowledge, provide stretch and challenge and promote long-term memory retention.

## Leadership Dashboard

Senior and middle leaders get an overview of performance and engagement on a subject, class and learner level.

## Achievements

Learners get rewarded with badges and streaks for completing micro-lessons or for using CENTURY over a certain period of time to increase their motivation and engagement.

## Automated Marking

Teachers can view data in real time, to help quickly identify which learners require additional support or further stretch.

## Teacher Dashboard

Use the markbook to monitor individual learners and whole-class trends with a range of dashboards.

## Learner Dashboard & Guardian Portal

Learners can identify their strengths and areas for improvement. Parents and guardians can monitor their learner's progress, completed work, and see work set.

# TeacherGENie™

Making generative AI work for teachers

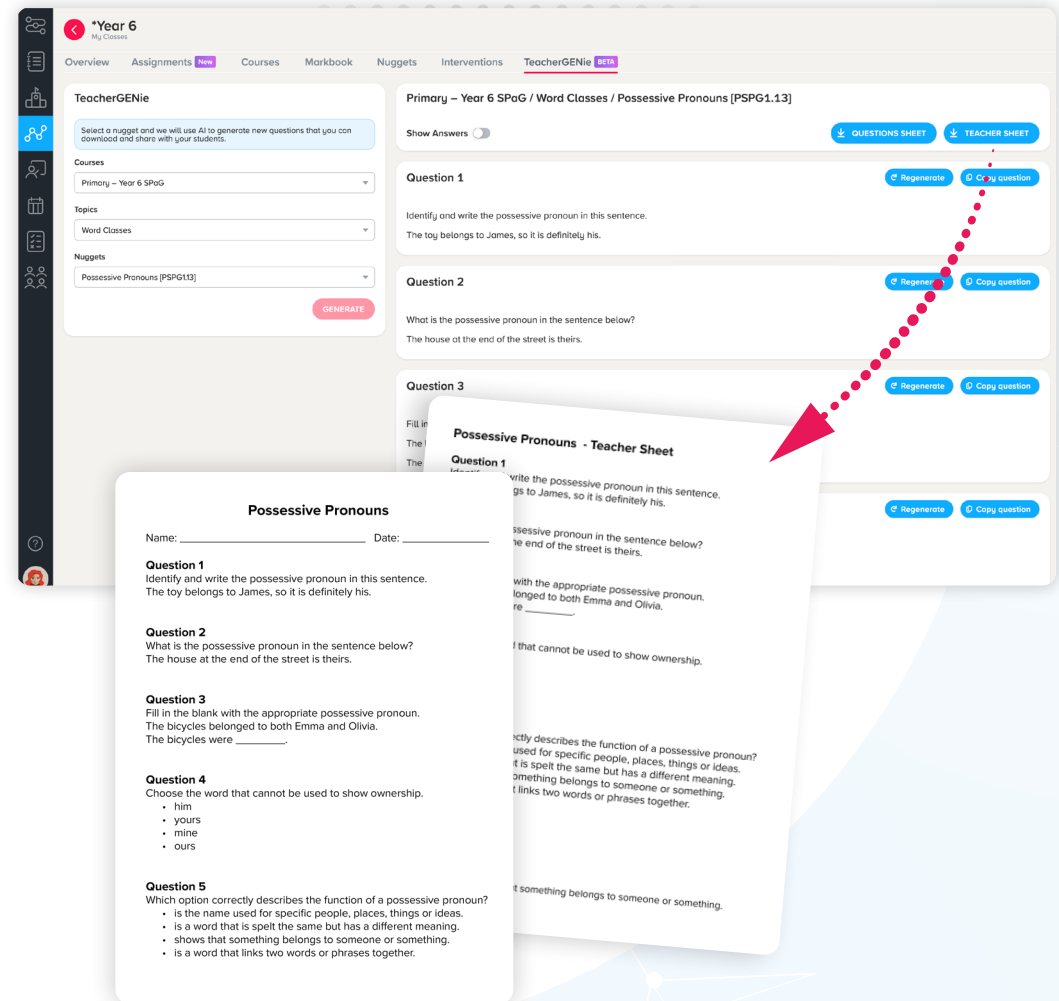

CENTURY has always led the way in embedding AI into education through our teaching and learning platform. TeacherGENie™ goes beyond using generative AI alone, as we know the true value of these tools can only be realised when they are combined with quality, teacher-made resources.

These worksheets, consisting of five questions, can be used:

- ✓ in class as a starter to assess prior knowledge,
- ✓ as a plenary to check learning,
- ✓ as part of home learning,
- ✓ as a great revision tool in the run up to exams.

With the 'Copy question' button, you can easily copy and paste the generated content to use elsewhere.

By grounding generative AI in expertly crafted learning resources, we're making sure that tools such as TeacherGENie™ deliver meaningful, classroom-ready materials that genuinely support teaching goals.

Subject: Train ticket refund  
Dear Sir/ Madam,  
I would like to make a complaint about a cancelled train journey.  
I was supposed to be travelling from London to Edinburgh on the 15th of April. However, my train was cancelled.  
I expect a full refund of the cost of my train ticket.  
I look forward to your reply.  
Kind regards

The curtains flapped violently. Thunder clapped and lightning shot through the air. A door slammed shut. Ellie jumped.

The narrator describes that the "thunder clapped" and a "door slammed" to evoke the sudden, sharp, surprising noises. This explains why the character, Ellie, feels scared.

The campsite was illuminated by a fat yellow moon which glowed merrily; stars winked in the night sky. The canvas tent fluttered and flapped comfortably in the mild breeze as I sat beside the fire, warming my hands. The fire crackled and snapped, sparks shooting out into the dark air.

The writer evokes a vivid image of the fire by describing the sound it makes as it "crackled" and "snapped". This helps us to understand why the warm fire was such a comfort to the character at this point.
