How does CENTURY work?

Diagnostics

Learners begin by completing diagnostics that quickly identify knowledge gaps and misconceptions, and help CENTURY recommend the best learning materials for each individual learner.

Recommended Path

This constantly adapting personalised pathway contains micro-lessons designed to address gaps in knowledge, provide stretch and challenge and promote long-term memory retention.

Leadership Dashboard

Senior and middle leaders get an overview of performance and engagement on a subject, class and learner level.

Achievements

Learners get rewarded with badges and streaks for completing micro-lessons or using CENTURY over a certain period of time to increase their motivation and engagement.

Automated Marking

Teachers can view data in real time, to help you quickly identify which learners require additional support or further stretch.

Teacher Dashboard

Use the markbook to monitor individual learners and whole-class trends with a range of dashboards.

Learner Dashboard & Guardian Portal

Learners can identify their strengths and areas for improvement. Parents and guardians can monitor their learner's progress, completed work, and see work set.

TeacherGENie™

Making generative AI work for teachers

CENTURY has always led the way in embedding AI into education through our teaching and learning platform. TeacherGENie™ goes beyond using generative AI alone, as we know the true value of these tools can only be realised when they are combined with quality, teacher-made resources.

These worksheets, consisting of five questions, can be used:

- ✓ in class as a starter to assess prior knowledge,
- ✓ as a plenary to check learning,
- ✓ as part of home learning,
- ✓ as a great revision tool in the run up to exams.

With the 'Copy question' button, you can easily copy and paste the generated content to use elsewhere.

By grounding generative AI in expertly crafted learning resources, we're making sure that tools such as TeacherGENie™ deliver meaningful, classroom-ready materials that genuinely support teaching goals.

The image shows a screenshot of the TeacherGENie web interface. The main content area displays a worksheet titled 'Primary - Year 6 SPoG / Word Classes / Possessive Pronouns [PSPG1.13]'. The worksheet contains three questions:

- Question 1:** Identify and write the possessive pronoun in this sentence. The toy belongs to James, so it is definitely his.
- Question 2:** What is the possessive pronoun in the sentence below? The house at the end of the street is theirs.
- Question 3:** Fill in the blank with the appropriate possessive pronoun. The bicycles belonged to both Emma and Olivia. The bicycles were _____.

Each question has 'Regenerate' and 'Copy question' buttons. A red dotted arrow points from the 'Copy question' button of Question 1 to a 'Teacher Sheet' overlay. The 'Teacher Sheet' overlay is titled 'Possessive Pronouns - Teacher Sheet' and contains the following questions:
