PRIVACY NOTICE

This version is effective until: 30 April 2026

This Privacy Notice (“**Privacy Notice**”) sets out how Century-Tech Limited (“**Century**”) processes personal data in connection with our Century-Tech business, including the provision of our website at <https://www.century.tech/> (“**Site**” or “**Platform**”) and the services we offer, including through our Platform (our “**Services**”).

The Privacy Notice applies whether you are using the Service (i) via your school or other organisation (for example as a teacher or student, or sometimes as a parent/guardian), or whether (ii) you sign up directly with us and have your own subscription and account (for example as a parent or child, or a tutor). However, different parts of the Privacy Policy apply in different ways to these two scenarios. **This will be explained further below especially in section 2 and section 8.**

We will update this Privacy Notice from time to time to reflect any changes or proposed changes to our use of your personal data, or to comply with changes in applicable law or regulatory requirements. We may notify you by email of any significant changes to this Privacy Notice, but we encourage you to review this Privacy Notice periodically to keep up to date on how we use your personal data.

1 PURPOSE OF THIS PRIVACY NOTICE

This Privacy Notice explains our approach to any personal data that we might collect from you or which we have received or obtained about you from a third party, and the purposes for which we process your personal data and how we share it with others. This Privacy Notice also sets out your rights in respect of our processing of your personal data.

When we talk about “**personal data**”, we mean any information which relates to an identified or identifiable living individual, such as their name, address, an identification number, location data, an online identifier (such as an IP address) or to other factors that are specific to them.

This Privacy Notice is intended to assist you in making informed decisions when using our Platform and our Services. Please take a moment to read and understand it. It should be read in conjunction with the relevant Century contract with your school or other organisation (if you are accessing through their account), or in conjunction with our Terms and Conditions and our Cookie Policy

This Privacy Notice only applies to the use of your personal data obtained by us, whether from you directly or from a third party. It does not apply to personal data collected by third parties during your communications with those third parties or your use of their products or services (for example, where you follow links to third party websites over which we have no control, or you purchase goods or services from those third parties).

2 ABOUT US AND OUR ROLE

The Platform and our Services are made available by **CENTURY-TECH LIMITED** (known as “**Century-Tech**”, “**Century**”, “**we**”, “**us**”, “**our**”). **CENTURY-TECH LIMITED** is an English company (No: 08482934) with its registered office at 2 Printer's Yard, 90a The Broadway, London, England, SW19 1RD.

If you are accessing and using the Service via your school or other organisation (for example as a teacher or student, or sometimes parents), that organisation to which you are affiliated is the relevant Data Controller (and you should review their privacy notices), and Century is their Data Processor. In this situation we only have access to and use your Personal Data under the relevant Data Controller’s instruction and to fulfil our contract with that organisation, i.e. to provide you with access to the Services they have contracted us to provide. We have no independent rights in your Personal Data.

If you sign up directly with us and have your own subscription and account (for example as a parent or child, or a tutor), Century is the Data Controller, and we have broader permissions (and obligations) in relation to your Personal Data, as detailed below.

Different parts of the Privacy Policy apply in different ways to these two scenarios. This will be explained further below.
